Jewelry Pull: With A \$100 Donation, Everyone Wins!

Invite your guests to embrace elegance while making a difference with a "Jewelry Pull." By asking for a \$100 donation, your event attendees will be able to select a "pull" featuring a stunning collection of necklaces, earrings, or bracelets while supporting a wonderful cause! Each jewelry item is valued at \$200-300.

The jewelry pull is a fun, interactive opportunity that invites event attendees to donate and receive beautiful jewelry. Not everyone will win at an auction, so the pull is a perfect opportunity for your guests to walk away with a beautiful treasure and help support your cause.

Pricing Info:

- Cost To Nonprofit Price: \$60 per pull
- Sell at \$100: Nonprofit nets \$40 per pull
- You will only pay for the pieces that sell at your event. Any unsold items may be returned.

The pulls may be showcased in the gift bags provided or presented open in the gift boxes so participants can select the item they would like to receive with their donation.
